BHL responds to Haiti's plight with \$25,000 donation

THE BHL GROUP of Companies has quickly responded to pleas for assistance for Haiti with a \$25, 000 donation to the Starcom Network's 'Help Haiti Now!' Relief Fund.

At a presentation ceremony at Starcom Network's River Road, St. Michael office, BHL Group Public Relations Manager **Sophia Cambridge** said, "In the face of such a catastrophe it is impossible to remain motionless. B&B Distribution Limited, Banks (Barbados) Breweries Limited, Barbados Bottling Company Limited, Pine Hill Dairy and the BHL Corporate Division thought it critical to provide as much aid to Haiti as possible- as quickly as we can."

She added, "Staff across our Group are also eager to get involved and a further collection is currently underway. As soon as the relief effort moves to include food and beverage we are ready to make another sizeable donation. We continue to pray for Haiti's recovery and we recognise that if we act along with those prayers, relief will come."

Cambridge also saluted all those who have quickly stepped forward to organize a region-wide relief effort and encouraged other corporate entities and private citizens to give their support.
