Three loyal shop owners in Christ Church recognised

First prize winner, **Eucline Williams** said, "The promotion was a very good idea and was well received by customers. I had promised my customers that I would put a flat screen television in the bar so that they can watch their favourite programmes, so my first prize of a 37-inch flat screen television is perfect and very timely."

The traditional grocery promotion focuses on a specific parish each month with three customers from the parish having the opportunity to win prizes. Each shop is assessed on product compliance, highest percentage increase, brand loyalty and total sales.

At the end of the promotion, grand prizes of \$30, 000 and \$10, 000 will be awarded.
